

EPIPHANY EDUCATION CENTER

2018-2019 FISCAL YEAR ANNUAL REPORT

Epiphany Education Center is located on the East Side of Detroit inside the Samaritan Community Center. Located in the heart of one of the most poverty stricken areas in Detroit, many people in this community face poverty, crime, unemployment, violence and extremely high rates of childhood illiteracy.

Vision

Epiphany Education Center is envisioned as a place where qualified teachers help students to develop academically, improve self-esteem, and imbibe values that foster a peaceful society. Our tutoring sessions are one to one. Tutors, parents, schools and students work together to create individual learning plans which address the individual needs of each student.

The Center aligns itself with Samaritan Center's vision and core values of dignity, respect, excellence and self-worth. Both Epiphany and Samaritan Centers are participants in the rebuilding of Detroit's East Side.
